

CENTER FOR UROLOGIC CARE
OF BERKS COUNTY

Happy Holidays

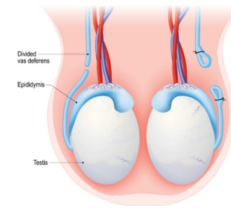

Thank you for trusting us with your care. We are so fortunate to be your provider of choice for urologic needs.

Oral Medications for ED

When seeing a urologist for erectile dysfunction (ED), many men ask about oral medications. Many men find them effective and convenient.

A Guide To Vasectomy

The choice of a contraceptive method is made as per the requirements of the person, and various factors like comorbidities, family completion, and age are considered.

All You Need To Know About: Kidney Stones

A kidney stone is a small mass that forms from crystallized substances in your kidney or, in some cases, one of your ureters (the tubes that connect the kidneys to the bladder). These chemicals aren't able to dissolve in urine, so the crystals stick together and get larger, forming the stone.
