- Competitive pricing for medications that are not covered by your insurance.
- Providers are directly available to answer any questions.
- Telephone reminders when it is time for a refill.
- Center For Urologic Care of Berks County takes most major insurance plans.

Please call our office during normal business hours for any additional questions!

Why Do Men Choose Vasectomy Reversal?

Many men who have undergone a vasectomy have later expressed a desire to have it undone. Experts estimate that 6% to 15% of men who have vasectomies eventually have a change of heart and undergo a vasectomy reversal, a procedure that

makes pregnancy possible again. Vasectomy reversal, while a complex procedure, offers many men a second chance at natural conception.

Oral Medications for ED

When seeing a urologist for erectile dysfunction (ED), many men ask about oral medications. Many men find them effective and convenient.

Daniel Edwards, DO, FACOS

After Hours Calls

If you find it necessary to contact the doctor after normal office hours, and it is not an emergency, you may leave a message in our voice mailbox and the doctor on call will return your call. If your call is of a more urgent nature, the answering service will forward all messages to the doctor on call. Your call will be returned at the earliest opportunity.

Emergency Care

We recognize that emergencies can arise and we will do our best to respond to your problem promptly. In the event of a severe situation, or one in which you are in doubt, go immediately to The Reading Hospital Emergency Room and ask them to contact your doctor. If the situation is not that severe, but one where you wish contact with your doctor, please call our office and the doctor will be in touch

Patient Portal

Have you signed up for our Patient Portal?

In order for a patient to receive access to the Patient Portal, they will need to call our office and request an initial password.

Your care is extremely important to us.
After your appointment, please do not leave our office prior to scheduling your procedure.
