NO SHAVE *November*

GROWING AWARENESS
FOR MENS HEALTH

This November, we're embracing the No-Shave spirit—and we're inviting you to join us! No-Shave November is more than just putting down the razor; it's a movement to raise awareness for mens health and cancer research, prevention, and patient care.

Join our physicians, Dr. Lucas, Dr. White, Dr. Edwards and Dr. McGreen in making a difference!

One cause. One community.

A whole lot of support.

Every year, people worldwide take a break from shaving and grooming to embrace their natural hair growth. Why? Because it's a simple yet powerful way to spark conversations about cancer, raise awareness about the importance of early detection, and help support those impacted by this disease.

Why Your Support Matters

Cancer affects millions of lives each year, and every contribution counts. By donating to our *No-Shave November* campaign, you're helping fund lifesaving research, improve cancer prevention, and support vital services for mens health.

Thank you for your compassion, support, and commitment to making a difference.

Invest In Change
